

Harmony Coaching & Consulting and SF Coaching & Consulting Announce Bi-Coastal Partnership

Harmony Coaching & Consulting (Memphis, TN) & SF Coaching & Consulting (San Francisco, CA) announce strategic partnership to assist organizations in developing leadership talent.

Memphis, TN ([PRWEB](#)) April 4, 2011 -- Harmony Coaching & Consulting of Memphis, TN and SF Coaching & Consulting of San Francisco, CA have announced a strategic partnership of their companies to create a bi-coastal professional development and Human Resource Coaching & Consulting business. The partnership will allow the two companies to share information, resources and staff to better serve existing and future clients across North America.

Together, Harmony & SF have over 45 years of experience working with Fortune 500 companies, as well as small start-ups and non-profits. Harmony Coaching & Consulting is a full service management consultancy focusing in the areas of Executive and Team Coaching, Management & Leadership Training and Human Resource Consulting. SF Consulting specializes in leadership development, team building, motivational speaking, and collaborating with corporations and non-profits to bring coaching to their organizations.

“Informally, we have partnered periodically over the last 10 years on projects,” said Bill Burtch, owner of Harmony. “Creating a formal partnership will allow a greater amount of synergy as our services and clients compliment one another.” Sharna Fey added, “Although we will formally have autonomy, our clients will benefit from a broader array of services and expertise. There will be a seamless flow of resources from both organizations brought to bear to help our clients succeed individually and organizationally.”

Most recently, Harmony & SF successfully collaborated on a 10-month emerging leader program for a large regional financial services corporation. In this program, targeted emerging leaders were provided leadership development through classroom instruction, distance learning, executive coaching, mentoring, and business project work. Here’s what some participants had to say about the program.

“The ELP has been a great experience and it has given me the tools to become a better presenter/facilitator, a more effective leader, and how to network and build relationships that will not only strengthen my professional growth but also my personal development.”

“Bill (Harmony) and Sharna (SF Coaching) are the magic bullet that made this program SO unbelievably successful.”

“I am continually aware, after each in-person session, of how this program has changed me and shaped me over the past several months. I am a different person because of the information that I have been introduced to in each of these sessions.”
